

## Important notice to users of the 2003 Schedule CF

In the instructions to Schedule CF, under “**How to prepare Schedule CF,**” the following new paragraph was added to the instructions for **Column C**:

If the partnership or corporation disposes of property for which an I.R.C. § 179 expense deduction was passed through to the partners or shareholders, and the gain or loss is not included in the amount on line 1 of Form 58 or Form 60, include in this column the distributive share of the gain or loss to the extent it is allocable or apportionable to North Dakota. For this purpose, determine the gain or loss at the partnership or S corporation level, reducing the basis for gain or loss by the I.R.C. § 179 expense deduction passed through to the partners or shareholders (regardless of the amount actually used by them.)
